

HAND OPERATED GASKET CUTTER

Gasket Cutter produces clean, accurate cuts in most Jointing Materials up to 6.4 mm (1/4") thick approximately. This equipment is strongly recommended for producing Gaskets from compressed Asbestos Fiber Sheet. Its simple adjustment and operation make it easy to cut Joints effectively and professionally, permitting there-use of the off-cuts.

Model	CUTMIN.DIA.	CUT MAX. DIA.
GC-24	2.1/2" 63 MM	24"-610 MM
GC-36	2.1/2" -63 MM	36"-915 MM
